

## Prince George Personal Injury

Prince George Personal Injury - A personal injury could be an overwhelming and confusing experience. Your life might be turned upside down, physically, emotionally and financially. You need trusted and experienced advisors you can rely on. Our senior law clerk and personal injury lawyer have the specialized legal experience to provide you with professional recommendation and representation. We can help you to know the legislation as it applies to your specific situation, and we will take the time to talk about all of your alternatives. We would be there from beginning to end of the personal injury legal process.

We offer free of charge, your initial consultation with a knowledgeable personal injury lawyer. You might have to pay an initial retainer fee, if we accept your case on a "contingency fee" basis. If we can not obtain compensation for you, you will pay nothing in legal fees. We would be given a percentage of the settlement if we are successful in getting compensation. We would ensure that you understand all the details of the retainer agreement prior to signing.

You have to contact us as soon as possible after your injury so as to avoid your rights from expiring. The specific time periods within which you must bring your claim could vary from a few days to two years.

We have experience in the following personal injury areas: dog bites and animal attacks, motor vehicle accidents; slip and fall injuries; long-term disability claims; and pension plan appeals.

Personal injury cases are settled out of court. The goal of our firm is to be able to give efficient negotiation, whilst working towards avoiding expensive court procedures. If it does become necessary, we have experienced litigators who will represent you before all levels of the courts.
