### Wrongful Death

Deaths of a families loved one cause by another's neglect may result in a wrongful death claim. Wrongful death claims, such as personal injury claims, may result when there has been carelessness leading to truck, motorcycle and car accidents, malpractice, workplace accidents, and death caused by defective products.

Our Wrongful Death litigators use an aggressive, yet compassionate method to be able to get justice and full compensation for our clients. Our aim is to arrive at an outcome which provides for the client's needs within the present and in the future.

People with particular relations to the decedent are eligible to bring wrongful death claims. Typically, these comprise surviving children, spouses, and other dependents. Other individuals who were dependent upon the decedent at the time of his or her death may have a claim in some situations.

Our experienced attorneys are available to meet with you in the evening, on weekends, at your house (or wherever) for a free consultation if you have lost a loved one or sustained an injury because of the neglect of others.
