

## Prince George Business Law

Prince George Business Law - We can help companies of all sizes and types to help them reach their goals. Our goal at our company is to give value-based and client-centred legal services. With our trademark combination of innovative and traditional methods to business law, we serve many of this country's most successful and well-known commercial enterprises, and assist with development ranging in size from millions to hundreds of millions of dollars.

Our firm works as an integrated team with other specialists, lawyers and engineers all around North America and around the globe. Our business and legal recommendation has helped hundreds of major resource-based developments attain their objectives, from mining projects to gas and oil developments, from pulp and paper to agribusiness. We design joint ventures and creative partnerships among governments, businesses, co-operatives, merchant bankers, venture capitalists and financial institutions.

We offer advice to our clients concerning several problems comprising: divestitures, mergers and acquisitions all through the whole transaction cycle, comprising legal due diligence, structuring, and negotiating letters of intent, offers to purchase and agreements of sale and purchase.

Our company has a strong practice in commercial law to serve our clients in the area of tax planning and the structuring and governance of various entities. We have expertly negotiated project financing, engineering and construction agreements, and international commodity marketing agreements for business enterprises.

We help grassroots entrepreneurship through our services to small and medium sized companies. We assist in the development of effective management and business structures. We can help entrepreneurs' access capital and establish positive relationships together with customers and suppliers. Our lawyers have extensive knowledge with cross-border transactions and could help small businesses to become successful exporters.
