

Patent Agent Prince George

Patent Agent Prince George - Our Intellectual Property lawyers have numerous years of knowledge helping clients who are developing new products, services, content and brands. We advise and act for clients in the area of intellectual property and technology law, focusing on trademarks and unfair competition. We likewise handle Internet law, copyrights, sports, art and entertainment law, and associated litigation. We understand the investment you have in your intellectual property, and we offer the skill needed in order to realize maximum returns on your investment.

Trademarks are of critical value, specifically in protecting Internet domain names. Trademarks can be an effective method of handling "cyber squatters" who attempt to steal your Internet customers. Our attorneys assist entrepreneurs in choosing business marks and names which can be successfully registered and which would not infringe the rights of others. We likewise help established businesses protect their existing brands.

We can help our clients through the procedure of copyright registration. We handle the issues around plagiarism, unlawful copying, and other unfair uses of client's protected expression. Our firm knows that copyrights are important to clients' success in the art, publishing, music and recording businesses, and including manuals, software, business plans, photographs, advertising copies, catalogs, jingles and designs.

When necessary, our lawyers have had a great deal of success litigating domain name, unfair competition, trademark, and copyright infringement disputes.

Our team assists with agreements for licensing intellectual property and collaborations for use and creation of intellectual property. Our services comprise help in structuring and negotiating licenses, assignments, and other transactions wherein intellectual property can be used and exploited commercially.
