

## Prince George Car Accident Lawyer

Prince George Car Accident Lawyer - Our Intellectual Property practitioners would help you enforce, protect and commercialize your intellectual property. Whether you are seeking to protect a trade secret or brand, maintain your competitive advantage or commercialize an invention, we have intellectual property services offering realistic recommendation and efficient and effective assistance to clients.

We have professionals well-versed in different areas of intellectual property law. By helping clients maximize the value of intangible assets, intellectual property services increase the chances of securing a competitive business advantage.

### Protect

The assistance we offer in Intellectual Property law comprise all those that are needed in order to protect intangible assets, beginning with preliminary clearance and infringement services. Our professionals can provide opinions about industrial designs, trade-marks and patents. To be able to register intellectual property in the United States and Canada, your application will be prepared and prosecuted by experienced trade-mark and patent paralegals and agents. Our intellectual property group has affiliates all over the globe, enabling you to extend your reach. Our intellectual property group is experienced in the preparation of patent applications in your certain technical area.

### Commercialize

Intellectual Property services assist clients in the commercialization and maintenance of intellectual property assets. The strategic business objectives of clients will always be our top priority, and whatever advice will be formulated in order to meet client goals. Regular intellectual property audits would guarantee the correct protection of intellectual property assets. Recommendation will comprise proper employment agreements and policies, ample agreements together with independent contractors, consistent and proper use of trade-marks, and general guidance concerning the steps required for the control and ownership of intangible assets, consisting of trade secrets. Services comprise the following:

- The preparation of agreements to sell, acquire or license intellectual property in and out;
- The groundwork of various other agreements, such as confidentiality agreement, distribution agreement, end use agreement, joint venture agreement and collaboration agreement, associated to the commercialization of intellectual property;
- The structuring of the purchase and sale of businesses and companies featuring intellectual property assets;
- The conduct of intellectual property due diligence investigations;
- The registration and preparation of assignment agreements;
- The ongoing maintenance of acquired intellectual property assets.

### Enforce

Our litigators experienced in intellectual property law are ready to enforce intellectual property rights and defend against third-party claims. Litigators defend the rights of our clientele prior to levels of federal and provincial courts about any and all aspects of copyright, trade secret, trade-mark and patent law. The interests of clients would be represented with sound methods for solving disputes efficiently and, if considered necessary, in court proceedings.
