

## Patent Lawyers Prince George

Patent Lawyers Prince George - Our teams of Intellectual Property legal professionals are recognized for its excellence and innovation in the several services related to commercialization, enforcement and acquisition of intellectual property assets.

More than 90 professionals make up our team, with extensive experience in the three service lines: Litigation, Business and Prosecution. Our intellectual property practice is ranked amongst the best in the nation. Our intellectual property team has knowledge in the fields of patents, designs, trade-marks, copyrights, and trade secrets. Our litigators are among the very best in the world.

Our intellectual property team's expertise comprises audits, due diligence, portfolio analysis as well as other related services that are part of corporate transactions and financing. We are experts in the assessment of technology for intellectual property protection, including strategies for portfolio development involving procurement of rights, commercialization and licensing methods, and defensive and offensive litigation.

Our team consists of technical consultants, intellectual property lawyers and patent and trade-mark agents. We have strong backgrounds and practical experience in scientific and engineering sectors. In science the team has skill in biomechanics, biochemistry, biotechnology, chemistry, endocrinology, food science, genetics, immunology, life sciences, pharmacology, microbiology, molecular/cellular biology, neuropsychology, physiology, physiology, neurophysiology, organic chemistry, and toxicology. In engineering disciplines, team members excel in the subsequent areas: aerospace, biomedical, chemical, civil, computer science, industrial, metallurgy, electrical, mechanical and material science.
