

Trademark Lawyers Prince George

Trademark Lawyers Prince George - Our Intellectual Property Group offers assistance with intellectual property enforcement and protection to be able to help clients maximize the value of their intellectual property (IP). We are amongst the top intellectual property practices within this country due to our sound advice and skill in the following IP fields: licensing and IP transactions, copyright; patents and industrial designs; trade-marks and internet domain names; trade secrets; IP and technology litigations; IP portfolio management; IP due diligence in corporate transactions; freedom to operate opinions (patentability, infringement, validity); procurement, licensing and integration of software applications; and outsourcing of information systems management services.

Our company has a large amount of experience in securing and protecting our clientele's valuable IP assets. We have over twenty IP practitioners: lawyers, patent and trade-mark agents, law clerks and scientific consultants; who are well versed within the disciplines of chemistry, biology, mathematics, physics and engineering. A lot of our professionals have acquired strong technical skill and advanced science degrees, that means they understand our client's IP protection requirements.

Amongst the world's best known brands are amongst our clientele. We advise companies and organizations of all sizes about intellectual property licensing, protection and portfolio management. We likewise represent entrepreneurs and start-ups.

We understand and recognize how valuable our clients' brands, creative work and invention are. Our lawyers can act for our clients before the courts in trade-mark, copyright and patent problems. We also appear in mediations, arbitrations and litigations concerning passing off, infringement of rights, misuse of confidential information, and contract disputes before Courts of Appeal. Our lawyers likewise appear before the Trade-marks Opposition Board in respect of opposition and summary expungement proceedings and before arbitration panels in respect of domain name dispute resolution proceedings. Our company acted as counsel in several of the biggest information systems management outsourcing transactions in this country.

Our firm's IP Team, is able to gain assistance from the lawyers within other fields of our multidisciplinary law company. We have IP lawyers working with lawyers in commercial, corporate, competition and securities practice areas. Together our team of professionals assists clients with their intellectual property matters, like the protection of intangible assets through registering trade-marks, copyrights and patents; drafting of confidentiality and non-competition agreements; litigation of intellectual property matters; and development of strategies for IP protection. Our Business Law Group supports the IP Group in the representation of both sellers and buyers in divestitures, mergers and acquisitions of IP businesses.

Our IP team also specializes in helping clients in legal problems related to marketing and advertising. We advise our clients on problems related to labeling, advertising and packaging. We also help with regulatory requirements, privacy related problems and distribution and franchise agreements.
