

Legal Aid Prince George

Legal Aid Prince George - When dealing with a corporate transaction the ultimate goal is to generate minimum risk while maximizing profit. The tax system is absurdly complex in that there are many rules that regulate both domestic and foreign companies. Our practice provides sound suggestion regarding tax planning and aids in the resolution of tax controversies. We try to guarantee that all transactions run tax-efficiently and quickly.

To be able to assist our clients in the problems of divestitures, acquisitions, and the structuring and negotiation of mergers, we bring in our lawyers from the beginning. This ensures that each project is tax efficient so that our clients may maximize their profit.

Our lawyers are experienced in transactions concerning communications, power, resources, technology, real estate, transportation, manufacturing and financial services. Moreover, we even advise sovereign wealth funds, private equity investors and pension funds. We have also converted some income trusts and royalty funds to corporate form.

Our lawyers within our office are well-versed in all aspects of tax law consisting of sales tax, anti dumping, as well as various commodity and trade taxes. Manufactured goods transactions or financial services that are being done across borders will normally need some expertise in the field of commodity taxation. Our company has the knowledge and experience to help our clients reach their tax objectives.

Amongst the main sectors we are involved in is obtaining advance income tax rulings. We are also normally asked to provide opinions regarding a lot of matters pertaining to tax audits, and to advise on federal and even provincial tax legislation. Furthermore, corporations request us to advise them concerning stock options and different equity compensation arrangements.
